

King Alfred's Examination Results 2016

At King Alfred's every student is equally important to us. Our policy in relation to the curriculum, tests and examinations is determined by the needs of our students, not by published league tables of results. Our aim is to ensure that every student achieves the success of which they are capable. When students have achieved their potential and worked as hard as they can, we celebrate their achievements equally, regardless of the grades they obtain.

We are proud of the results obtained by our students in 2016. We wish to pay tribute to the efforts of all those students who, with the help and support of their families and teachers, achieved so much.

Equally we wish to congratulate the students for the numerous other achievements including sporting, international, charitable, artistic and cultural that contribute to the richness of the educational experience at King Alfred's.

Jo Halliday
Headteacher
