

King Alfred's Academic Enrichment Programme presents:

Fear in the City

The Role of the Media in the Stigmatisation of Places

Dr Alice Butler-Warke

Department of Politics and International Relations,
University of Reading

Tuesday 13th January 2026
17:00 – 18:30

King Alfred's Sixth-Form Auditorium

**FREE to students,
staff and their
families**

In this talk, Alice will explore how the media (both traditional media and social media) contribute to negative representations of certain places or areas. Alice will draw on her own research as well as contemporary examples, and highlight the ways in which language and the motivations of the media industry can perpetuate these damaging narratives.
